Tilawo

بِسْمِ ٱللَّهِ ٱلرَّحْمَٰنِ ٱلرَّحِيمِ

Student guide

How to join your teacher's class, see what to prepare, and keep track of your Hifz.

BETA VERSION · TILAWO.APP

Quick start

1. Open the **link your teacher sent** (or go to tilawo.app/signup and choose *I'm a student*).
2. Enter your name, your email (twice) and a password.
3. On your home screen, **tap each part of your assignment when you are ready** to recite it.

1 Join your class

1. Tap the link your teacher sent you. The sign-up page opens with the class code already filled in.
2. Enter your **name**, your **email** (you type it twice, to be sure it is right), and a **password** (twice).
3. Tap Create account. You go straight into Tilawo. There is no confirmation email to wait for.

NO LINK?

Go to tilawo.app/signup, choose I'm a student, and type the 4-digit class code your teacher gave you. The code works for **one hour**, so if it says it is wrong or expired, ask your teacher for a new one. After several wrong tries it locks for a few minutes.

Already have an account? Sign in at tilawo.app/login. If you forget your password, tap **Forgot your password?** and we email you a reset link, so make sure your email is typed correctly when you sign up.

PUT TILAWO ON YOUR PHONE

Android (Chrome): menu → *Install app*. iPhone (Safari): Share → *Add to Home Screen*. It then opens like a normal app.

2 Your home screen

This is where you start every day. From top to bottom:

- **Your name and next lesson** — the date and time of your next lesson.
- **From your teacher** — announcements such as "No class on Thursday". Only shown when your teacher has posted one.
- **Next assignment** — what you should prepare: your **Sabaq** (new lesson) and **Dhor** (revision).
- **Feedback from your last lesson** — your teacher's note and how each part went.

- **Your progress** — a map of all 30 juz (see section 3).

Tell your teacher you are ready

Under **Next assignment**, tap each part once you have prepared it. It turns green and says Ready. When all parts are ready you see "You're all set". Your teacher can see this before the lesson, so they know you are prepared. Tapped by mistake? Tap it again to undo.

> **IF IT SAYS "HASN'T SET YOUR NEXT ASSIGNMENT YET"**
> Your teacher has not written one. Ask them, or wait until after your next lesson.

3 Your progress map

The map shows juz 1 to 30. Tap a juz to colour it. Each tap moves to the next colour:

Taps	Meaning
1 tap — recent	You have learned or revised it recently.
2 taps — needs work	You are unsure about it and want to revise it.
3 taps — solid	You know it well.
4 taps	Back to blank (not rated).

This is your own honest view of your Hifz. Your teacher can see how you have rated yourself, which helps them plan your revision.

4 Schedule

Open Schedule to see your lessons for the next 7 days, with your regular times listed underneath. Use **Previous** and **Next** to move between weeks. To change a time, tell your teacher.

5 Diary

The Diary has two kinds of entry:

- **From your teacher** — notes and grades from each lesson (*Knew it*, *Needs work*, *Didn't know*).
- **Your notes** — write anything you want to remember or practise, then tap Add to diary. You can edit or delete your notes later.

Use the All, From my teacher and My notes buttons to filter.

> **PRIVATE**
> Only you can read the notes you write. Your teacher cannot see them.

6 Messages and notifications

- Messages lets you chat with your teacher. A red number shows unread messages. This appears when your teacher's plan includes messaging.
- If a banner asks whether to turn on notifications, tap Turn on to get a phone alert for new messages, assignments and announcements.
- **iPhone:** add Tilawo to your Home Screen first (see section 1), then open it from there and enable notifications.

7 Your account and privacy

- Settings lets you change your **email** or **password**, or delete your account. Deleting cannot be undone.
- **What your teacher can see:** your assignment ticks, your progress ratings, your lesson records, and your messages with them.
- **What only you can see:** your own diary notes.
- Full details: tilawo.app/privacy.

8 Something not working?

Problem	What to do
Class code is wrong or expired	Ask your teacher for a new link. Codes last one hour.
I can't sign in	Use **Forgot your password?** on the sign-in page.
"Your account isn't linked to a teacher yet"	Type the 4-digit class code on that screen and tap Join.
I don't see Messages	Your teacher's plan may not include it. Ask them.

Still stuck?

Tell your teacher, or email **islamsaif22305@gmail.com** and we will help.
